Product description

Anchoring belt.

This ratchet anchoring belt is really useful to secure your job equipment.

With its strong material, our anchoring belt made of polyester has a high resistance ratchet in order to offer the best quality.

On the extremities, you'll find S-Hooks which guarantee a strong connection to avoid all kinds of damage.

It's really easy to use: you only have to add the hooks to the anchoring points to let the process start. In addition, the ratchet strongly secures the belt to avoid any problems because of the vibration of the asphalt.

It's also easy to remove the belt because you only have to unhook the rod.

Every anchoring belt has the following features:

- Width 50 mm
- Length 8 m
- Made of polyester
- Metallic hooks
- Stretcher with ratchet
- Anchoring capacity 2500/5000 daN

We absolutely guarantee a long-term use as all the other products made in Soltec.

Soltec is specialized in the lifting sector, indeed every product is engineered and manufactured in accordance to the current normatives.

In addition, this accessory shows a long lasting thanks to its resistance and it's easy to maintain.
