

Quick attach for baskets

Product code: 0000000040 | **Category:** Man baskets accessories

Product images

Short description

Quickly attach for man basket

It allows you to quickly connect and detach the operator man basket from the crane, it is a maneuver that can be carried out by only one person.

The quick attach for the basket is of high quality, very resistant and tested to guarantee maximum operator safety. The product meets the current CE safety standards and is 100% made in Italy. The material is stainless steel, withstands bad weather and does not deteriorate over time.

It is installed on the adaptation for your extension of the crane and on the man basket.

It is very easy to install and we provide a bolt kit and installation manual.

The SOLTEC team is always available for your questions by phone, whatsapp and email.

For the dimensions see the drawing in the description below.

The quick attach is particularly suitable for SOLTEC single and two-seater baskets.
